THE SPIRIT OF EVANGELIZATION FOR A NEW MILLENNIUM • gnm.org • wordbytes.org •

Now available for your parish:

Awakening the Energy to Succeed

What in your parish needs to get energized? This workshop will be tailored to your parish's specific needs or for a specific ministry within your parish. For example:

- Awakening the Energy for Successful Stewardship
- Awakening the Energy of Evangelization
- Awakening the Energy of Renewal
- Awakening the Energy to Heal from Divisions (or Scandals or Loss)
- Awakening the Energy to Grow through the Parish Merger

We'll provide the workshop to a team who will spread what they learn to the rest of the parishioners or the parish projects you want to energize. The workshop is designed to activate a ripple affect that goes out from those who attend. This initial team could be:

- your staff and ministry leaders
- the stewardship committee
- the pastoral council
- or a hand-picked group you appoint to spearhead spreading the revitalization process throughout the parish

In a brainstorming, interactive environment, I will lead the group through four stages of activating a self-sustaining energy for change and growth: Assess, Hope, Dream, and Plan. The workshop activates strategic planning in a spirit of enthusiasm and high morale, no matter how lacking in energy or morale your parish might be right now.

I offer you the benefit of my parish leadership expertise developed from 34 years of serving in a wide variety of parish ministries. I'm an international speaker with a degree in theology and certification in Pastoral Administration and in Parish Ministry. Good News Ministries is a multi-faceted Catholic evangelization ministry, and we have found that all successful evangelization comes from first energizing ministries and parishioners, empowering stewardship, and creating an atmosphere that attracts the non-churched.

When can I serve *your* parish? Please give me a call or reply by email.
